

InterSIS

International School Information System

Celebrating 7 YEARS From the creators of ManageBac 2007 - 2014

Introducing InterSIS - the International School Information System re-imagined.

After nearly six years of continuous development, we have re-imagined the school information system and are proud to announce the first integrated school management suite: **ManageBac** for planning, assessment & reporting, **OpenApply** for admissions & enrollment and **InterSIS** for international school information management.

ManageBac, OpenApply and InterSIS in concert provide the first integrated school management system built from the ground up to support international schools with curriculum planning, assessment & reporting, attendance & behavior, parent access and a state-of-the-art billing solution built on top of Xero – the world’s leading cloud accounting solution.

Learn more about the IB world school of tomorrow and the systems that power the IB continuum!

Integrated Information Systems for International Education

INTEGRATED DESIGN & ARCHITECTURE

InterSIS provides a single integrated school information system designed for international schools with demographics, behavior, analytics and seamless integration with ManageBac, OpenApply and third party timetables. Together with Xero and Stripe payments, you can manage billing and invoicing online with a state-of-the-art cloud accounting system.

- ✓ Integrated architecture provides a single user account with single sign-on access to all systems.
- ✓ Eliminate multiple redundant systems and improve administrative efficiency.
- ✓ Monitor academics, reporting, attendance & finance in real-time.
- ✓ Automate billing, reduce errors and increase convenience for parents.
- ✓ Accessible anywhere across any device (iPhone, iPad, Mac or PC).
- ✓ Fast & effective implementation with data migration & setup in weeks - not months.
- ✓ Reduced total cost of ownership with a trusted long-term systems partner.

Cloud-Hosted

InterSIS is hosted on our secure cloud at the iWeb Montreal data center.

Data Protection & Security

Standard 256-bit SSL encryption, optional two-factor authentication and advanced read & write permissions.

ON THE GO!

Record homeroom attendance, browse units, submit term grades & comments and review academic progress on the go!

Optimized for iOS as a native application.

ABOUT ManageBac

ManageBac is the leading planning, assessment and reporting system for IB world schools founded by three former IB Diploma students in 2007.

Today ManageBac is the trusted choice of 4 in 5 IB Diploma students at over 1,300 leading schools.
