

**Designed for the modern  
IB Diploma Coordinator:**

- ✓ Instantly see where your students stand with the Diploma core (CAS, EE, ToK).
- ✓ Plan your curriculum with the new pilot DP unit planners.
- ✓ Automate your IBIS registration instead of spending hours on manual data entry.
- ✓ Record individual orals and manage IA requirements for Groups 1, 2 & 4.
- ✓ Improve school-to-home communication with students & parents.

## Everything you need to manage your IB Diploma programme!

**Creativity, Action, Service**

Go paperless with ManageBac, and you'll see CAS in a whole new light. Track student progress instantly and effectively manage your CAS programme from start to finish - without the paperwork.

**Automated IB Exam Registration**

Bulk register to IBIS and say good-bye to manual data entry! Set your authorized subjects and levels, and prompt students to input exam information directly. After reviewing student plans, register all candidates to IBIS with one-click.

**DP Unit Plans**

Collaboratively plan your curriculum online using the new DP pilot unit planners. Select from built-in syllabus topics, formulate inquiry questions and more. Easily review your whole-school curriculum to browse across subjects and analyze coverage of AtL skills.

**IB Deadlines**

Centralize your master academic calendar alongside key IB deadlines to enable effective planning. Keep students, staff and parents informed of key deadlines with automated reminders. Collect and review coursework with our built-in integration to TurnItIn and annotation services from Crocodoc.

**Group 1 & 2 IAs**

Record the individual oral and oral commentary online, which save automatically as MP3 files. Complete the required assessment using built-in criteria, and export directly to the official IA forms from the Handbook of Procedures.

**Group 4 IAs**

Eliminate paperwork and record investigations online. Collect, review, and mark lab reports from students, and export information directly to the official PSOW form with one-click.

### Discover why 4 in 5 IB Diploma students use ManageBac!

“ We started with CAS, then EE, Group 4, Groups 1 & 2, then classes, then reporting. Our teachers plan, set assignments, and write reports on ManageBac. They love the intuitive nature and look. ”

**Adrian von Wrede-Jervis**  
Director of Studies  
Bavarian International School, e. V.

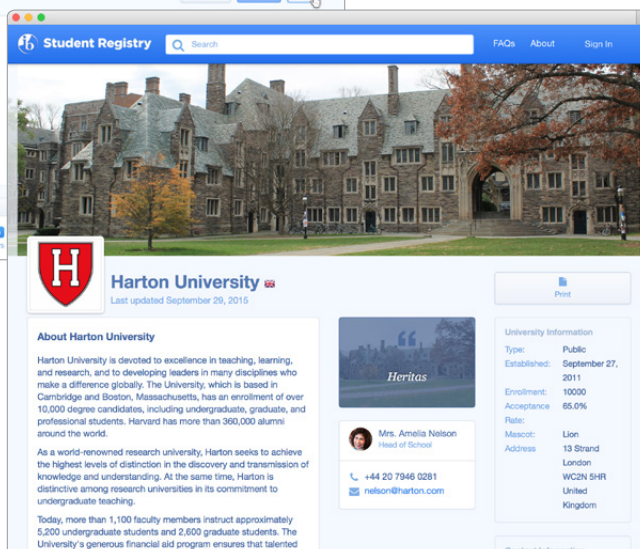

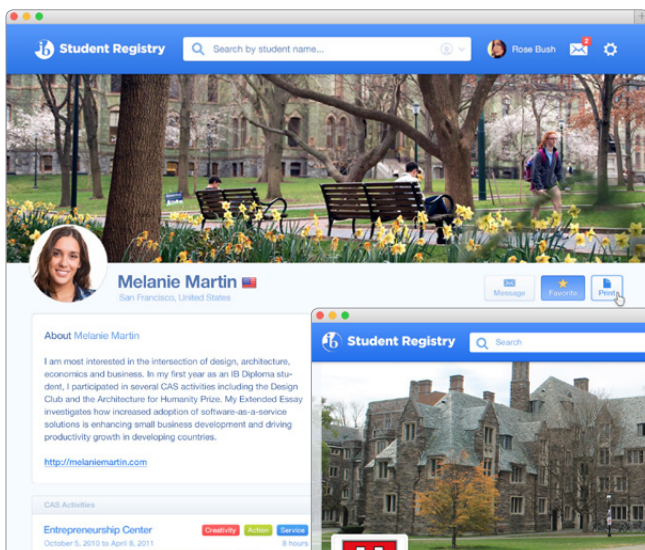

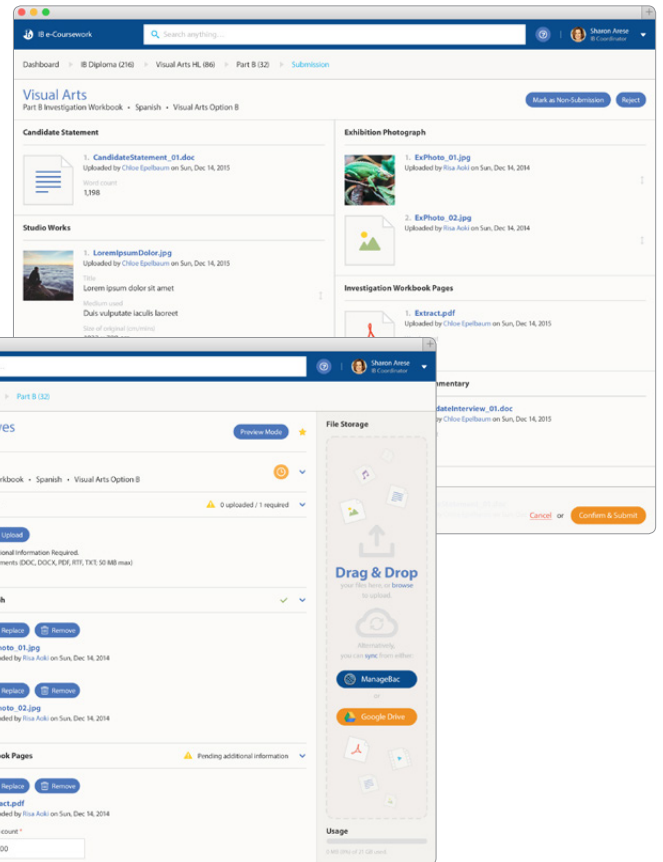

## Seamless e-Coursework Submission

As the developer of the new e-Coursework system, we are delighted to offer integration from ManageBac to EC3 without downloading and re-uploading files.

This will let you easily organize and submit portfolio coursework from ManageBac to EC3 without downloading and re-uploading files.

The subject scope of e-Coursework is expected to expand over time to all subjects, but presently includes:

- Group 1 & 2 Orals
- ToK Paper
- Visual Arts Portfolios

## IB Student Registry

Connecting IB students with the world's leading universities.

On the Registry, IB students can showcase their portfolios, browse university profiles, and view IB credit policies.

The IB Student Registry is fully integrated with ManageBac.
